

THE PYTHIAN CEREMONIES A WONDERFUL SUCCESS

Over 100 New Candidates Received—Grand Officers Lemley and Steele Present—Navasota Won the Silver Cups Offered by Bryan With 51 New Members—A Great Fraternal Conclave Recorded.

Probably one of the most interesting and unique fraternal meetings ever held in Central Texas was staged by Brazos Lodge No. 64, Knights of Pythias, Wednesday and Wednesday evening. The different committees were headed by the following: Henry S. Locke, general chairman; R. M. Walker, parade; C. S. Beckwith, refreshments; M. M. Erskine, reception; John M. Caldwell, information; Oak McKenzie, entertainment; Guy F. Boyett, transportation; Judge J. T. Maloney, finance; and T. G. Suber, location. There were about one hundred candidates for Pythianism given the initiatory degree at the district court room at 7:30 and fully 600 Knights of Pythias from Houston, Brenham, Calvert, Hearne, Mart, Cameron, Navasota, Normangee, Hempstead, Caldwell, Franklin and other places. It was a great assemblage.

After the opening and initiatory ceremonies presided over by Chancellor Commander Guy F. Boyett the vast assemblage was called to order by Chairman George E. Hadley and Rev. H. C. Willis, pastor of the First Methodist church, delivered a fervent prayer. Following this prayer Mayor Tyler Haswell opened the gates of Bryan to the visitors and declared that he was proud to welcome them and invited all to come back and accept the hospitality of the Knights of Pythias. Lee J. Rountree spoke for Brazos Lodge No. 64 a few words of welcome.

Past Grand Chancellor John T. Bonner, of Houston, was introduced by Chairman Hadley as a "has been or a Past Grand Officer," but he declared that he was made young by his membership in the D. O. K. K., the great playground of Pythianism.

At this juncture Hon. Oak McKenzie, chairman of the program committee had read telegrams from Prelate W. M. Futch, Henderson, Board Member J. R. Allen of Ennis, Congressman Tom Connally, who is Past Grand Chancellor wired from Washington: "Washington, D. C., Oct. 12, 1921, Oak McKenzie and Lee J. Rountree, Bryan, Texas: I cordially thank you for invitation to be present at initiation of Rathbone Bible Class. Sincerely regret cannot be present but wish for largest measure of success and extend fraternal greetings."

NAVASOTA LODGE WON THE SILVER CUPS.

Grand Vice-Chancellor B. W. Steele, of Houston, made an eloquent plea for the Pythian Home at Weatherford and paid a tribute to the Dokies. Hon. Ward Templeman, of Navasota was called by Chairman Hadley to tell "How Navasota Did It?" Navasota appeared with about fifty candidates and won both prizes of silver cups offered by Brazos lodge. One cup was for the largest number of candidates and the other for the largest percentage of candidates. This was a splendid record for Navasota and Mr. Templeman said it gave them 225 members and they expected 250 members by January 1st. In the list of candidates from Navasota appeared Senator Henry L. Lewis, Secretary S. W. Adams of the Chamber of Commerce and others. Rev. H. M. Timmons, pastor of the First Methodist church, was one of the enthusiastic members of the Navasota lodge. Past Chancellor Horlick, of Navasota, spoke and said he was going to join the Dokies at Houston on November 9th. The Navasota Lodge is one of the leading in Texas and is making a great record and is to be congratulated on its spirit of fraternity.

Grand Chancellor William Steele Lemley, of Waco, made a speech urging all to be more steadfast in Pythianism and paying a deserved tribute to the Bryan lodge. Following Grand Chancellor Lemley's speech, Judge W. C. Davis, of Bryan, in eloquent words bade all "good night" and expressed his appreciation for the magnificent demonstration of Pythian Brotherhood "This is a great meeting," Editor White of Cameron remarked at the close and will be long remembered by all in attendance. "Bryan is on the map," said Editor Pink Gresham, of the Texas Banner Pythian Knight.

Great Parade Was Staged.
The parade was heralded by Sheriff Leonard E. Morehead on horseback. Mayor Tyler Haswell and County Judge H. O. Ferguson with officers of grand lodge and others, Grand Chancellor W. S. Lemley of Temple, Vice Grand Chancellor W. B. Steele of Houston; O. P. Gresham of Temple, editor Banner Pythian-Knight; Past Grand Chancellor Jno. T. Bonner of Houston; Mrs. Tyler Haswell, Mrs. H. O. Ferguson; Judge W. C. Davis, Fred Henry of Cameron, General Manager S. W. Adams of Navasota and Lee J. Rountree.

The K. O. K. K. band with other members of the Houston delegation the Bryan Fire Department with its handsome equipment in charge of Chief C. E. Jenkins, truck loaded with candidates driven by Jess Conlee, with a red sign: "These animals will be tamed tonight." Following this were twenty automobiles with visiting Knights of Pythias. Allen Academy band in full uniform marching headed by Director Ernest; following the band were twenty-five more automobiles, a truck by the Bryan Telephone Co. with twenty-five candidates handcuffed and chained, twenty-five automobiles with K. O. P.s, their families and guests. Following this was one of the most unique features of the parade, an old buggy converted into a burlesque on an old automobile with two candidates chained to the seat steering it pushed by six other candidates. Then came twenty more automobiles bearing Knights, their families and guests. The Bryan Junior Band of thirty-eight pieces on a large float headed by Director Slovacek and Business Manager Geo. J. Nedabalek, then came twenty more automobiles Clowns mounted on donkeys were Tom Suber, Elbert Gammon, Seth Taylor and Hal Holton. Marshall Bullock and Hal Holton as a negro man and woman on an old Ford car. Their stunts were really good and left the crowd cheering. Ollie Parks appeared as a clown on a peculiarly constructed bicycle of his own make. Tom Gilmore appeared dressed as a little baby crying and tugging at a milk bottle, drawn in a little wagon by Chubby Gregg as his mother. Jennings Franklin was dressed as a little girl and driving the Shetland pony and basket buggy of C. C. Walker. An hour and a half before staging the parade there were half a dozen candidates handcuffed and chained to the street markers. The committee arranging

BRYAN ROTARY CLUB ENTERTAIN PYTHIANS

Grand Chancellor W. S. Lemley of the Grand Lodge Knights of Pythias of Texas was the guest of honor at the Rotary luncheon Wednesday with Vice Chancellor B. W. Steele. Past Grand Chancellor John S. Bonner and O. P. Gresham of Temple, editor of the Pythian Banner.

M. E. Wallace of the entertainment committee, gave the Pythian Grand Lodge officials the twenty minutes set aside yesterday for a program, and the membership thoroughly enjoyed the remarks made by the visitors. Mr. Lemley is a very forceful speaker, and his tribute to the community spirit of Bryan, was appreciated by the club. He said wherever he found a Rotary Club in the cities of Texas he knew the community had a citizenship keenly alive to its responsibilities, and obligations, and earnestly striving to put inspiration and enthusiasm into the hearts and lives of those about them.

Mr. Steele recalled with pleasure a visit to Bryan some eight years ago, and contrasted the progressive condition of Bryan of today with the town of that time. Past Grand Chancellor Bonner was introduced as the orator of Pythianism, but denied the charge responding, however, with a delightful talk on the spirit of helpfulness found in the Rotary clubs.

The music was in charge of Major Ike S. Ashburn, and was very much enjoyed by the membership. Those present were: Wilson Bradley, R. W. Howell, M. L. Parker, G. Sam Parker, D. Ernest Moore, M. E. Wallace, Travis B. Bryan, E. E. McAdams, J. T. S. Parks, Dr. W. H. Oliver, Prof. R. O. Allen, Roy Sone, Tyler Haswell, J. A. McQueen, D. L. Wilson, T. K. Lawrence, Oak McKenzie, Ike S. Ashburn, E. B. LaRoche, visitors, John S. Bonner, B. W. Steele of Houston, and O. P. Gresham and W. S. Lemley of Temple.

MRS. HOLDEN HURT.

Mrs. M. E. Holden, 65 years of age of Coleview, mother of Mrs. Zim Eden urday had the misfortune to fall last Sunday and injured her right hip. Medical aid was called immediately, while painful no bones were broken, yet it will be many weeks before she can be out again.

field, L. A. Andrews, J. Fred Horn, R. A. Johnson, Fritz Meyer, Thornton A. Payne, J. K. Mason and D. D. White. The list of new candidates by lodges was as follows: Bryan 36, Navasota 51, Brenham 9, Cameron 2, Normangee 2 and Caldwell 2. Total 102.

Chairman Walker is Grateful.
Chairman R. M. Walker asks the Eagle to express the gratitude of the committee to the Allen Academy band and all who assisted in making the great parade a success. The people of Bryan came to our assistance," Mr. Walker said "and we shall never forget them and this event will be long remembered. We are grateful to one and all for their loyal and patriotic assistance in entertaining the hundreds of visitors who left here bringing praises of Bryan."

Great Barbecue at Oak Grove.
The barbecue at Oak Grove was indeed a pleasant affair at 5 o'clock and about 1500 people, including the families of the Knights of Pythias in Brazos and adjoining counties were present to partake of the feast of barbecued meats and delicacies of all kinds. Rev. H. C. Willis pronounced the blessing and John A. Moore, Jr., extended a cordial welcome to all the visitors and the families of the Knights stressing the high points of social fraternity.

The following were among the ladies who aided in serving the splendid dinner: Mesdames G. C. White, R. M. Walker, Clarence Vick, J. M. Bullock, Jr., W. E. Johnson, Jr., Sam Buchanan, Sidney Smith, Ernest Elliott, Horace Ferguson, M. E. Wallace, Jno. Held, Lee J. Rountree, Ollie Parks, Henry Locke, C. S. Beckwith, W. I. McCulloch, Julius Christian, Dewitt Graham, W. B. Roman, Sr., D. C. Zuber, R. H. Harrison, O. O. Henderson, C. G. Walker, E. Kennedy, V. B. Edge, J. H. Todd, E. C. Elliott, Jack T. Johnson, John M. Caldwell, M. M. Erskine, Misses Wallace, Ethel Sellers, Esther McCulloch, Broach, Mrs. P. A. Tardy and Dick Fain and possibly others that are not listed. To these ladies great credit is due for their wonderful work in preparing the "best dinner" Senator Lewis of Navasota said he ever ate.

STOCK JUDGES FOR SOUTHEASTERN FAIR

(Special to the Eagle).
College Station, Texas, Oct. 13.—Eight Texas Club boys have been picked by S. C. Evans, assistant boys' club agent of the Extension Service, of the A. & M. College of Texas to represent the state in the livestock judging contests to be held in connection with the Southwestern Fair at Atlanta, Georgia, on October 19 and 20 and at the International Exhibition and Livestock show at Chicago on November 25. These boys were picked at the end of one week of intensive judging work at the College just ended.

The boys are: Jack Idol, Coleman; Gordon Gillespie, Coleman; Paul Boriskie, Bryan; Robert Calvert, Corsicana; Cecil Hodges, Granger; Guy Pogue, Cedar Hill; James Miller, Dallas; and Ted Willis, Midlothian. Their classification for places is in the order named. Jack Idol made the highest score, Gordon Gillespie, second, etc. These men will now be taken to Dallas by Mr. Evans and given another week of training in judging the livestock on exhibition at the Dallas Fair and International Exposition. Their work will be graded and the four men making the highest records will be chosen for the team that will go to Atlanta next week. The second best four will be picked for the Chicago team. They will leave for Chicago on November 25.

The best men will be picked for the Atlanta team for the reason that much more valuable prizes are awarded in that contest than at Chicago. First team prize in the Atlanta contest is a free trip to the English Royal Livestock show held annually in London. Second prize is \$300 and third prize \$200. The club agent coaching the winning team also has his expenses paid on the trip to England and the individual on the winning team making the highest score is entitled to take the county agricultural agent of his county with him on the trip, and his expenses are also paid by the Fair association. The Texas team won first prize last year.

TEXAS NATIONAL EGG LAYING CONTEST

College Station, Texas, Oct. 11.—The highest pen for the month of September in the Texas National Egg laying contest, being conducted at the A. & M. college of Texas under the direction of T. J. Conway, poultry husbandman, was one of Barred Plymouth Rocks owned by M. A. Lee of Seadrift, Texas. Their production was 94 eggs. The second highest pen was also Barred Rocks and belonged to Mr. Lee. They laid 83 eggs. There was a tie for highest individual between two S. C. White Leghorns; each laying 25 eggs.

Two S. C. White Leghorns, one belonging to J. L. Baits of Decatur and the other to H. L. Trube of Yonkers, N. Y., tied for the highest individual honors, each having a production of 25 eggs. A S. C. Black Minorca belonging to E. E. Payne of Fort Worth and a Barred Rock owned by M. A. Lee tied for second place, each laying 23 eggs. The contest which is being conducted for twelve months will end on October 30.

The highest pen to date is one of S. C. White Leghorns owned by Wm. Moore of Dayton, Texas, with a total production in the eleven months that the contest has been running of 798 eggs. Second highest pen is Barred Plymouth Rocks of M. A. Lee, Seadrift, and third highest pen belong to Mrs. W. R. Jones of Carthage.

A S. C. White Leghorn owned by Bert Washburn of Kerens is the highest individual to date with a production of 205 eggs. Another White Leghorn from J. L. Baits' farm at Decatur is second with a record of 203 eggs.

BRYAN RED CROSS HEALTH WEEK OCT. 24

The Brazos County Red Cross announces Monday, October 24, to Friday, the 28th, as Health Week in Bryan, and active work in this line will be conducted in the East and West side schools in this city. Both schools have been provided by the Hygiene Committee of the Parent-Teachers' association, Mrs. Paul Swancoat, chairman, with the necessary scales and attached height rods for the proper weighing and measuring of the children. Miss Eloise Berry of Austin, who assisted in the Red Cross health exhibit work at the Taber Fair a few weeks ago, will, by special invitation from the Red Cross, return to Bryan for Health Week, and the work will be done under her official supervision. It is encouraging to those interested in this health work to observe the interest taken in the movement by Superintendent Madison Hall, who has incorporated in the regular monthly report card of every pupil in the public school the weight and height, as recorded from month to month. The parents of the children will, by this arrangement, be informed of the health record of their children, as well as the record of their school work. This Health Week will mean much to the children and should receive the encouragement of all parents and others interested in their welfare.

BRYAN WOMANS CLUB PLEDGES SUPPORT TO EDUCATION IN TEXAS

The Bryan Woman's Club with a good attendance at their first business session, Wednesday afternoon, set in motion the working machinery of the club for the year. And if the suggestions of the president, Mrs. Hettie M. Curry, in her inaugural address be followed the club will accomplish the greatest good in its history. Mrs. Curry's suggestions were: "The club should stand behind every educational moral and civic movement which breaks a bigger Bryan, a better Bryan. The whole club must be a team in which each woman plays the part or which she is best suited. We must speak, act and serve together. Let our motto be the accepted motto of the Prince of Wales—'Ich Deau—I serve'—not you serve or they serve, but 'I serve,' with this motto inscribed upon each heart we will honor our club and make it the most representative in the Texas Federation."

"The greatest gift that came to the world as the outgrowth of the war was the lesson of service. All good, spiritual and material that came out of the war emanated in the heart and mind of some one imbued with the ideal of service."

"A conception born amidst the tears and blood of war will not pass away, but sink deeper and deeper into the souls of men, bringing a closer brotherhood of man, a greater love of country to guide us through these trying days of reconstruction and other days we know not of."

Mrs. D. B. Cofer was elected critic and the full privileges of the club were extended to all ministers' wives of the town, the only obligation being a fine for absence. A letter was read from Jewel Mathis of Steep Hollow, the young girl who won the club scholarship to the College of Industrial Arts at Denton, expressing her appreciation to the club, and pledging her faithfulness to the trust. This scholarship was made possible by the assessment of \$4.00 per capita, per club member.

"Know Your Federation" was the topic of study and proved most interesting under the leadership of Mrs. D. B. Cofer, with a paper, "History of the Woman's Club Movement in Texas to the First Administration," Mrs. J. B. Beers, reading, "Club Women," Mrs. F. L. Henderson, Federation song, "My Country 'Tis of Thee," Mrs. J. Webb Howell and Mrs. S. C. Williams, reading "Blue Bonnets," Mrs. B. U. Sims. Following this assigned program a questionnaire told of the history of the Federation from its organization. The Federation purports to be a compact body of American womanhood, whose purpose is nothing less than the putting of true Americanism in our social, industrial and political life and the stabilizing of our country as it passes through the years of afterwar upheaval. This is our common aim, greater than all our differences of party, creed, tradition, education, geography. And remember life is not all, or chiefly, government. It is a fine balance of all phases of the true expression of human well-being, and that, we believe, is what our club movement stands for. It sees life whole.

CHAMPIONSHIP WON GIANTS VS. YANKEES

(By Associated Press).

New York, Oct. 13.—Giants won today over the Yankees. Score 1 to 0. This gives the Giants the World's Championship for 1921.

COMING MISS RANDLE.

Residents of Bryan and College Station will have a treat in the appearance of Miss Emma Dee Randle who will entertain them October 17th at Guion Hall. The art of Miss Randle is refined, finished, smooth and rounded. There is a freshness and rhythm interwoven all through her work. She unites a wholesome humor with vivid dramatic power which awakens the keenest interest and sympathy. Her sweet voice has no peer among entertainers. She has an unlimited repertoire ranging from the classics to modern character delineations and popular selections. Among her choices are: Polyanna, Enoch Arden, In a Balcony, Ruth and others. Emma Dee Randle's first appearance in College will be at Guion Hall at 7:45 Monday, October 17.

PETITION FOR ORGANIZING A. & M. SOCIETY FRAMED

College Station, Texas, Oct. 13.—Students of the A. and M. College having official "distinguished" rank met in the Y. M. C. A. chapel Monday evening and appointed a committee of four to frame a petition to the board of directors for authority to organize a society based on scholarship. The committee appointed consists of John F. Mayo, E. E. McQuillen, W. W. Lynch and L. G. Jones. Their petition will be drawn up and presented to the board of directors in the next regular meeting of that body which will be held in Houston, October 21.

WONDERFUL BARBECUED MEAT

Claud G. Walker had charge of the Knights of Pythias barbecue at Oak Grove Wednesday and in speaking of the meat Grand Chancellor Lemley said, "It is the best I ever ate." Claud is in the professional class.

PROPOSE LIVE STOCK FARMER CORPORATION

(By Associated Press).
Ft. Worth, Oct. 12.—Cattle raisers, farmers and bankers from all sections of Texas numbering about 100 are here today for the organization meeting of \$1,500,000 Livestock and Agricultural Loan Company under the War Finance Corporation. Details of the company are being decided at a conference which will begin at 3 o'clock. Eugene Meyer, Jr., managing director of the War Finance Corporation, today pledged financial assistance from Eastern interests in a telegram to Marion Sansom, manager of the local cattle loan agency.

PERSHING AND FOCH TO ARRIVE OCT. 29

(By Associated Press).
Washington, Oct. 12.—Final arrangements for the reception and entertainment of Marshal Foch of France on his forthcoming visit to the United States by the American convention was made public today. The Legion reception committee will have charge of the noted Frenchman on his tour. Marshall Foch will arrive in New York on the liner Paris on October 29 and will come with General John Pershing, who is now in France.

"VILLIAN OR HERO."

The Dallas-Galveston News asks and answers: "Is the boll weevil a villain or a hero? Just for the moment financial writers are crediting him with reducing the cotton crop to the point where a seller's market has been created. Under these circumstances people in the cottongrowing districts are beginning to wonder if the boll weevil is not more of a friend than foe." There is needed a world market for cotton and not a curtailment of the production. The same facts apply to every agricultural product. It is a false theory that "one blade of grass should grow where two grew before" or one house should be erected where three were formerly built. Homes, food, clothing, transportation and education are the fundamentals. When either of these productions are curtailed by any sort of manipulation it becomes a world-wide calamity. For instance: If a farmer owns one 100 acres of black land in Williamson, Denton, Bell or Ellis counties or in the Brazos bottom and the boll weevil allows only 10 bales to be made where 50 bales is reasonable there is a great waste of seed, labor and shortage of production. This is a very false theory. What our economists and leaders should advocate is that the soil shall produce a reasonable amount and every man should give the world a reasonable amount of production and this production should go to market in an orderly manner and at a reasonable profit. The world needs this in clothing, food and housing. Any other theory is false, it is sounding brass and tinkling cymbal. If 100 acres of good land will raise reasonably 50 bales of cotton why make it produce only ten or one bale or a tenth of a bale and put the price of shirts (which are necessary) up from \$1.00 to \$3.00? This will hold good in everything that the world must eat and wear. It is not contemplated that the farmer shall raise a ton of cabbage in the Rio Grande and receive \$4.50 for it and then in three days it will sell in Dallas or Houston for \$160 to \$180 per ton. The world has it economies and productive figures warped and the argument that the less that is produced the more money one will receive is dangerous doctrine and unworthy of any person who believes in enduring prosperity. Such doctrine is so dangerous that it will bring gloom and darkness to all peoples. In Russia where money is plentiful it takes 4,000 roubles to purchase a scant meal. People must take their money in wheelbarrows to purchase a cheap coat. We must change our view and our attitude in an orderly business method before real prosperity returns to the world. No thoughtful person can refute this for a day or a moment. The News should reform its opinion on a rehearing before it puts itself upon the country.

EDUCATIONAL CONFERENCE TO BE HELD AT FORT WORTH.

Austin, October 7, 1921.
Hon. Lee J. Rountree, Bryan.

My Dear Mr. Rountree: I have been reading with some interest your statements on the subject of our educational situation, especially because you are in line with what I myself have been advocating from one end of the State of Texas to the other. In my opinion, the time has come when every one who is interested in education must make a special effort to bring about a change in the educational conditions in our State. In my talks all over the State, I, like you, have been advocating the change of the Constitution of Texas, in such a way as to leave the government of our colleges in the hands of the boards of regents of those institutions, and to place both public schools and colleges on a more permanent basis of support. In other words, to put a stop to the conditions of uncertainty which paralyze educational progress in Texas. As a preliminary to something more definite, the heads of our schools are joining in this general creation of sentiment for a change in the Constitution. This preliminary is a request which I am writing this letter to make. On the evening of the twenty-seventh, there is to be a program on Education, at the meeting of the State League of Women Voters, to be held in Fort Worth. Mrs. Jessie Daniel Ames, the president of the League, has requested me to arrange this program.

I wish to have Dr. Vinson to speak on the subject of "The Future of Our State Colleges." I shall discuss "The Future of Our Elementary and High Schools." I would like for you to discuss "The Future of Education," from the standpoint of a legislator. It was my idea that you should give a clear understanding of the legislative situation and the importance of the people of Texas taking more interest in education, and instructing their legislators more definitely as to what is necessary for the good of the schools. I thought that you and I and Dr. Vinson would each speak about thirty-five minutes, which will not make our program too long. I must get this program to Mrs. Ames immediately, so I will ask you upon receipt of this, to wire me collect whether you will take this part on the program or not. I shall appreciate it very much if you can do so. I hope to have a chance before long, to talk with you in detail about the educational situation as I see it and what I deem to be necessary and to get your ideas on the same subject. Sincerely yours,
ANNIE WEBB BLANTON,
State Superintendent.

NEW INSTRUCTORS OF BRAZOS COUNTY WERE ENTERTAINED

The entertainment at the Bryan Country Club on Thursday evening given by the Bryan and Brazos County Chamber of Commerce was quite largely attended and a very pleasant affair. It was a "Get Acquainted" meeting for the new instructors of A. & M. College, Allen Academy, Villa Maria, the Bryan Public schools and all the teachers of Brazos county and was an open informal meeting through out. Chairman Oak McKenzie, of the Chamber of Commerce Entertainment Committee presided and introduced the following speakers:

Address of welcome—Hon. Tyler Haswell, president Chamber of Commerce.
Address of welcome—Dr. W. B. Bizzell, president of A. & M. College.
Response—Dr. Geo. F. Freeman, of A. & M. College.
Song—Mrs. W. C. Davis.
Dance—"The French Baby"—By Dorothy Hedges.
Song—Miss Miriam Crute.
Reading—Miss Maud Ames de Steiger.
Dance—"The Kate Greenaway Polka"—Miss Louise Martin.
Song—Mrs. F. H. Fish.
Prof. Gabe Cazell of Mineral Wells led a "pep" song feature and the serving of punch followed. At the close of the exercises the young people engaged in dancing and the evening was one of pleasure for all and will long be remembered by the two communities, College and Bryan and Brazos county. It gave all an opportunity to meet our new instructors and become better acquainted with them on the ground of a friendly fraternal spirit. The Eagle hopes more such meetings will be held and commends the Chamber of Commerce and the Country Club for their activity and thoughtfulness in the pleasures.

MR. GORMAN OF HOUSTON IS EMPLOYED AT COLLEGE

College Station, Oct. 7.—James M. Gorman, recently employed as stenographer and clerk in the Division of Animal Industry of the Agricultural Experiment Station of the A. & M. College, entered upon the discharge of his duties yesterday.

TEXAS NEEDS NEW CONSTITUTION.

During the regular session of the 37th Legislature Representative Rountree, of Brazos County, wrote and submitted a resolution for the calling of a Constitutional Convention in Texas along one line of action of the 1876 constitution but owing to the shortness of the session and the many bills pending it failed to pass by a few votes. Fifty years has made a wonderful change in business in Texas and the public appropriations are \$30,000,000 for two years against less than \$1,000,000 then.—Texas Commonwealth.

State Superintendent Favors New Constitution.

(Corsicana Daily Light.)

Miss Annie Webb Blanton has had her first taste of politics. She is the first woman to hold the office of State Superintendent of Public Instruction in Texas. So far as our information serves as she has filled the office with credit. In the first days of her political career or service to the people she has found that the Texas constitution is not big enough or shall we say progressive enough? to suit her taste. Miss Blanton is an enthusiastic advocate of education and better pay for teachers. To both of which we are glad to utter a hearty and loud Amen! "Due to untrained teachers and the uncertainty of funds the teaching profession is not classed with other professions as the physician and lawyer," Miss Blanton is quoted as saying, and then she adds: "The public wants trained teachers and will finally demand them." It was at this point that Miss Blanton addressed herself to the constitution, saying:

"Texas must have a new constitution with provision for funds for State schools and rural schools. The way to do this is through organized work among teachers and the public to provide for the maintenance of schools. The reason why Texas fought for liberty from Mexico was that Mexico would not provide for her schools. As soon as Texas became a free state, land valued at \$4,000,000 was set aside for a permanent school fund, giving Texas the greatest fund of any state."

Texas Must Stick to Main Point.

(Fort Worth Star Telegram)

Senator J. Hart Wells of Dallas suggests that a constitutional convention, to draft a new constitution for the State, is in order and cites the need of providing independent support for the educational institutions as a reason for his position. Recently two or three other persons prominent in State affairs have expressed a similar view. It seems to us that there is an unfortunate mixing of two questions here. We may or we may not need a new constitution, but it is not necessary to obtain a new constitution in order to provide for the proper support of the State educational institutions. It is important to keep these two questions separate, for the proposal for a constitutional convention was recently defeated by the people, and it would be a foolish task for the friends of education to undertake to educate the people to the view that an entirely new constitution is needed, in order that proper provisions with respect to education might be placed in it. The chief reason that other attempts to make provision for our educational institutions have failed has been the lack of an adequate campaign to properly acquaint the people with the reasons such a change is needed. What we need now is a statewide campaign of an intensive character, organized down to the precinct, to present to the people the importance of making independent provisions for the support of such institutions. To link a campaign up with the broader and more comprehensive question of calling a convention to provide an entirely new constitution would be the worst sort of tactics, and would, we fear, be inviting an other failure.

We ought to make specific provision for our State educational institutions by a direct tax, sanctioned by the constitution. To attain this a constitutional amendment is necessary. Let's not lag in other questions that have nothing to do with this. Let friends of education get together and devise means to present his matter to the people on its merits.

MISS SALLIE COOK A PIONEER PASSES

At an early hour this morning the sad news was received in Bryan of the death of Miss Sallie Cook, of one of her brothers, Mr. I. M. Cook, of Steep Hollow. The news came not as a surprise for Miss Cook had been ill for many months and had been removed from her home here in Bryan, 3510 East 28th street to her brothers at Steep Hollow, where she could receive the gentle care and attention of loved ones. While everything that love and science could do had been done, yet to no avail and she passed peacefully to rest at 11:30 o'clock Thursday night, October 6.

Sarah Rebecca Cook was born March 22, 1806, Clayborn Parish, La., and died October 6th, 1921, hence was 151 years, 6 months and 14 days old. She came to Texas with her parents, Mr. and Mrs. I. S. Cook in 1868, settling in Brazos county at Steep Hollow, where she lived for more than thirty five years and for the past eighteen years has been making her home in Bryan. At an early age she united with the Baptist church and was a faithful member of the Saint West Baptist church up to the time of her death. There is left to mourn her loss, only one brother, I. M. Cook of Steep Hollow and many nieces and nephews, two brothers and two sisters, having preceded her to the grave.

Funeral services were held this afternoon at 4 o'clock at Saint West Baptist church of Steep Hollow, conducted by Rev. J. M. Bullock of Bryan. The singing was led by Mr. E. U. Letters. Interment in the Steep Hollow cemetery. Beneath a mound of flowers tributes of love and esteem from many friends she was laid to rest. The active pall bearers were Clarence Bullock, Elmer Bullock, Walter Jones, Ray Vick, Evander Hensarling and Luther Holligan.

REP BAKER A FORMER CITIZEN OF BRYAN

Hon. Oscar D. Baker of Gause, and representative in the legislature of the 37th from Milam and Bell counties, arrived in Bryan last night and was a visitor at the Eagle office. Representative Baker was one of the "Immortal Thirty" who went into the fight during the special session for the educational institutions of Texas and remained until a bill was passed over the protest of Pope, Curtis, Bonham, Beasley, Veatch, Wallace and the leaders against the Educational Bill. Mr. Baker was formerly a citizen of Bryan and was in the newspaper business here when the H. & T. C. railroad was built into Bryan from Millican, which was the terminus for sometime and remembers many of the old citizens. He was a staunch supporter of A. & M. College during the legislative fight and the Eagle is always glad to see him here and hopes he will come back to the 38th legislature. He is now editor of the Texas Woodman Journal, published at Dallas and a breeder of fine cattle in Milam county.

REV THOMPSON WAS GIVEN AUTOMOBILE

The members of the Free Baptist church of Bryan, on yesterday presented their pastor, Rev. C. B. Thompson, with a beautiful new Ford roadster, the gift coming as a complete surprise to Rev. Thompson. The expression of love and appreciation thus shown by his congregation, is appreciated by the pastor, even more, if possible than the new car, although he freely confesses that it is the one thing most needed in his work among the people, and is delighted to be the owner. This car may be entitled to a place in the archives of the "Flowers for the Living Church" and is worthy of emulation.

PROSPECTS FOR COUNTY AGENTS ARE EXAMINED AT COLLEGE

College Station, Tex., October 10.—Eleven men took the examination at the A. & M. College of Texas this week for qualifying for county agent work. They were: C. M. Harbin, Dallas; A. W. Kinnard, Bryan; R. S. Miller, San Saba; J. O. Graham, Floyd; C. F. Lockridge, Iowa Park; H. M. Cantrell, Benjamin; C. A. Crook, Center; Ollie Lagrone, Logansport; J. M. Lander, Victoria; W. J. North, Coppell; and J. O. Allen, Cookville.

Under the provisions of a law passed by the Thirty-sixth Legislature, no man can be appointed as a county agent, no woman as a county home demonstration agent without first passing a satisfactory examination before the faculty of the A. & M. College or a committee of not less than five selected from said faculty by the president of the College.

The requirements in the examination are such that the average in personnel and training has been greatly increased since the appointment of the committee, according to W. B. Lanham, secretary of the examining board and assistant director of the Extension Service. This statement is verified by the present class, practically all of whom are graduates of agricultural and mechanical colleges and several have had experience in connection with the agricultural activities of Texas and other states as well.

REPUBLICANS RAISE ALL WHISKEY TAXES

(By Associated Press)
Washington, Oct. 7.—A tax of \$4 per gallon on all spirits withdrawn from bond for industrial or medicinal purposes was agreed today by Republican leaders as a part of the revision program. This is an increase of \$1.80 gallon and is expected to yield \$75,000,000 additional revenue per year.

Poultry Exhibits A. & M. To Dallas

(Special to the Eagle)

College Station, Texas, October 10.—The A. & M. College of Texas poultry exhibit at the Dallas Fair and International exposition is being arranged by Professor T. J. Conway, poultry husbandman of the college, to deserve the place that it will occupy in the poultry division of the Fair as the meeting place and headquarters of all breeders and exhibitors there.

The exhibit will be a new departure in the work of the college department of poultry husbandry of showing poultry raisers and breeders the how and why in securing increased egg production and it will be made mainly for this educational purpose instead of for winning in competitions for prizes on individual birds. (In the words of Professor Conway it will be made to demonstrate the scientific principles involved in the fact that "one hen will lay 75 eggs a year and another will lay 250 eggs a year under exact conditions of management.")

It will be shown that increased egg production is reached by scientific selection and breeding. And for showing this the college will have an exhibit families, instead of unrelated individuals, that have been reared on the college poultry farm in the last seven years the other of which has a record of 200 eggs a year, daughters with as good or better records and sons of these daughters with daughters having records better than 200 eggs a year all of which illustrate the concentration of high egg breeding.

Bred for high egg production have been the particular work of Professor Conway since he came to the college seven years ago and as a result he has complete pedigree records on birds during that period and in fact is still training birds purchased by the college in the beginning of the department in 1914.

Model Farm in Exhibit.
In connection with the college poultry exhibit will be shown a miniature model one-man poultry farm modeled after one of the best operating plants in the United States, constructed by two federal students at the college and scaled exactly according to a blue print, with regard to size of buildings, lots, fences, etc. It is a graphical illustration of a thirteen-acre farm with residence, barn, poultry house, hen house, incubator, cooler, heading house with waste of owner size, two long laying houses with accommodations for 1000 layers, 21 colony brooders, houses for chick rearing, fields for alfalfa, clover and cabbage for winter greens and oats for litter in houses. It is considered as a most perfect specimen for illustrating the plan by Professor Conway.

The two wounded veterans who constructed it are J. P. Chastun and W. H. Johnson, both of whom live in Bryan and are taking work at A. & M. under the Federal Board of Vocational Education.

DEATH OF CALVERT YOUTH AFTER GAME

Will Anderson, a young man of Calvert, died last night after playing in the football game with his team against Allen Academy. The score was 6 to 0 in favor of Calvert. The boy had been injured in a scrimmage game the day before and went into the Calvert-Allen academy game against the advice of his friends, but would not leave the game when it was suggested at the end of the first against Allen Academy at Calvert on Friday afternoon. The score the Calvert-Allen Academy game and generally commented on as being real sport. The death of young Anderson is not attributed to anything that happened in this game. The night before young Anderson suffered much but said he was better when he went into the game over protests of friends.

The man in business in these strenuous times, who does not advertise will be forgotten. Phone Bryan Daily Eagle, No. 36.

RED CROSS WORK IN BRAZOS COUNTY

That the American Red Cross is mighty and able in times of peace, as well as war, was demonstrated again in Bryan Thursday when the newly arranged headquarters for the distribution of aid to those who suffered from the recent flood waters in the Brazos river bottoms near Bryan, was opened by the chapter chairman, W. H. Cole, and the able committees appointed to assist in the work. From 9:30 in the morning to 5 o'clock in the afternoon the house was crowded with men, women and children, seeking aid. Some were in need of bedding, some needing clothes and shoes, others needing only a little contribution of food to help them over the stress of the disaster that had befallen them, while others asked for medicine or medical attention for themselves or their children. The "Greatest Mother in the World" heard the call for help, is proven in facts and figures on record in the Red Cross office for the activities of Thursday opening day of the new headquarters, as follows: Families given clothing, bedding, and other goods, 90; number of people helped, 371. The amount of clothing, shoes, etc., arranged to meet the call has been greatly diminished by the rush of Thursday, but the stock is being replenished, and it is the policy of Chairman Cole to have every needy family file with the Red Cross the record card for aid, and every one will be filled and given out, as time will permit. Those who assisted in the Red Cross rooms yesterday were: Judah H. O. Ferguson, Hal Saunders, Edwin G. Jenkins, Carroll Harris, A. P. Carr, Mesdames Minnie Estill, R. W. Persons, R. J. Newland, C. D. Fuller, B. T. Pool, C. S. Rude, Claude Walker, E. C. Harder, D. C. Zuber, T. C. Nunn, Guy Little, Allen Smith, J. T. Hanway and Miss Clara till every supply is exhausted, and Wetter. The work will continue until the chairman will appreciate the assistance of all workers who will volunteer.

BRYAN HI DEFEATED A. AND M. FRESHMEN IN A BRILLIANT GAME

(Special to the Eagle)

College Station, Texas, October 3.—The brilliant Bryan High School team forced the husky A. & M. Freshmen to take the short end of a 3 to 0 score here Friday. The lone tally came early in the second period when Boyett kicked a goal from placement on the thirty-yard line. The young Aggies burdened with over confidence let the school boys sew up the game until it was too late. Cortemelia the browned full-back for the High School and Putnam, the shifty center for the Freshmen, were the outstanding lights of the game. Captain Copeland for the Slimes was a tower of defense and did much to hold the fleet backs for long gains. Over 3,000 people saw the game.

A regular meeting of the official board of the First Christian church was held Friday night at the City Hall when with other things it was agreed that the church lawn would be filled in and planted in flowers. This church is on one of the most public thoroughfares in Bryan and to beautify this spot will stand as a civic example to many. Those present were: Rev. C. N. Calmes, George A. Adams, D. E. Aden, Sam R. Wilson, Guy P. Bittle, Joe R. Reed, W. S. Colard and Frank Magee.

A. & M. STUDENTS ARE TO JUDGE LIVE STOCK AT THE DALLAS FAIR

(Special to the Eagle)

College Station, Tex., Oct. 10.—The entire class of senior and junior animal husbandry students at the A. & M. College of Texas, numbering 44 seniors and 35 juniors, will go to the Dallas Fair and International exposition on October 16 to remain for one week for practice judging work with the livestock on exhibition at the exposition. W. L. Stanrel, professor of animal husbandry, will accompany the students and coach them in their work.

This is an annual trip for the students and it is made in order to give the men practical work with fine individuals of the various breeds. Some of the breeds exhibited at the exposition are not included in the college herds and therefore are not available to the students for practice instruction. In addition the animals exhibited at Dallas are in prime condition and it is not possible to keep the college herds in such shape.

Accurate records of all work done by students at Dallas will be kept and on these records taken into consideration with their class work men will be picked for the Texas A. & M. livestock judging team that will compete in the students' livestock judging contest held annually in connection with the International Exposition and livestock show at Chicago in November. As a result of the work at Dallas a second team of seven juniors will be picked for the team that will compete in the livestock judging contest held annually at the Southwest American livestock show at Oklahoma City and in the college students livestock judging contest held annually at the Fat Stock show in Fort Worth.

More importance attaches to the selection of these two teams this year than in many previous years. The bronze bull, international trophy awarded by Swift & Company as a result of the Chicago contest becomes the permanent property of the first college team winning it three times Texas A. & M. has won it two times but lost it last year, so that if Texas wins this year it will be brought back to Texas as the permanent property of the A. & M. College. It is a handsome statue of bronze weighing several hundred pounds and during the two years that it has been kept at A. & M. has been given the most prominent location about the college. It is one of the greatest ambitions of the animal husbandry department to gain permanent possession of it.

A similar condition exists concerning the trophy of the Fat Stock show contest. Texas A. & M. has entered the contest in Fort Worth fourteen times, has won ten times and lost

only four. As a result of the ten winnings this institution now possesses every trophy awarded by the show. But there is serious danger now in the pending award of the fourth trophy to be put up. As is the case at Chicago Swift & Company award the trophies and under the same conditions regulating the award at Chicago. That is that the first college winning three times becomes entitled to the trophy. In the last two contests Oklahoma A. & M. has been victorious over Texas A. & M. and as a result her name appears on the big silver cup twice and the name of Texas A. & M. only once. Thus the team that goes to Fort Worth this year must win and leave the permanent awarding of the trophy for the next contest or allow an opponent to win the first trophy over Texas A. & M.

Among the seniors that will go to Dallas this week are all members of the Junior team that competed at Oklahoma City and Fort Worth last year. Of course their experience gives them the best chance to win the places on the international team but they are by no means sure of being picked as they will be forced to compete with all members of the senior class. They are: J. T. Carlisle, Houston; O. D. Dinwiddie, Tulsa; Fred Hale, Tulsa; W. S. Foster, Meriden; H. L. Atkins, Bandera; W. L. Knapp, Calvert; and W. M. Love, Milford.

ANNUAL RODEO WILL BE HELD AT COLLEGE

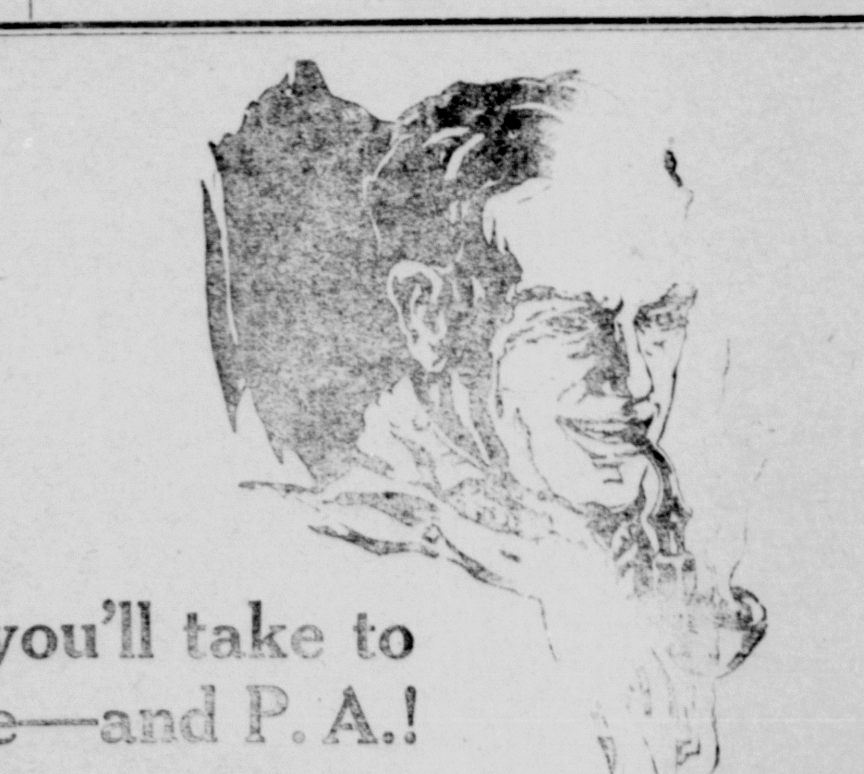

College Station, Texas, Oct. 11.—First steps toward the holding of the annual rodeo were taken in a meeting of the junior class of A. & M. held yesterday and from the enthusiasm displayed in the meeting which is the first essential to success, one of the best shows ever held will be presented to the community this year. J. H. Lindsey was elected ringmaster and N. W. Jones was selected as business manager. Committees to look after other arrangements for the show were appointed and all were instructed to work quickly, so that plenty of material would be on hand early to be trained for the exhibition. Proceeds from the show will be used in sending the livestock judging team to Chicago.

F. A. HURT APPOINTED ASSOCIATE PROF. GEOLOGY

College Station, Texas, Oct. 11.—F. A. Hurt has accepted the position of associate professor of geology, Dr. C. C. Hodges, professor of chemistry and chemical engineering, announced yesterday. Mr. Hurt has already entered upon the discharge of his duties. He came here from Mississippi A. & M., where he held the position of associate professor of geology. He was formerly head of the department of geology in Michigan Agricultural college.

PASSENGERS WILL SEE A. AND M. HERO AT THE COLLEGE

College Station, Texas, October 8.—Construction plans for the current year at the A. & M. College of Texas include the fencing of the vacant space between the dairy building and the H. & T. C. depot, and the erection of an arch at the approach, in order that the fine dairy herds belonging to the College may be allowed to run in front of the building and in full view of those passing through College Station on the H. & T. C. and the I. & G. N. railroads.

There is only one other dairy building in the state constructed on plans as modern as the one at A. & M. and that is the one housing the famous King Ranch herd of Jersey cattle at Kingsville. And there is no other herd of dairy cattle comprising as many of the major breeds equal to the herd owned by the College. The College herd includes pure-bred Ayrshires, Jerseys and Holsteins and negotiations are now under way by R. L. Pou, head of the Department of Dairy Husbandry, to purchase several pure-bred Guernseys and with the addition of these the College herd will be complete with the four major dairy breeds.

As a valuable addition to this collection, both as a curiosity and for class work with students, several Kerry, Irish cattle, are to be purchased. These are the smallest breed of dairy cattle. There are only a few in the country and most of those are considered as zoological specimens. Mr. Pou is negotiating for the cattle now, and expects to purchase soon.

MEN'S BANQUET AT FIRST PRESBYTERIAN CHURCH

The men of the First Presbyterian church and a number of invited guests will banquet tonight in the ladies' parlor of the church at 7:30 p. m. This banquet will be served by the Ladies' Auxiliary, and a great time is anticipated. It is expected that nearly one hundred will be present. There will be a brief program of talks and music at the conclusion of the supper.

Mr. and Mrs. F. A. Peters of Humble came to Bryan in their car last week for a visit with relatives. Mrs. Peters is a daughter of Mrs. T. P. Bovett. Mr. and Mrs. Peters left Sunday in their auto for a week's visit to the Dallas fair, accompanied by Mr. and Mrs. Chas. La Hatto.

SOUR STOMACH INDIGESTION

**Thedford's Black-Draught Highly
Recommended by a Tennessee
Grocer for Troubles Re-
sulting from Torpid
Liver.**

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouchsafed by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities. Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's.

THIRTY HORSEMEN LEAD CALDWELL K.K.K. PARADE

Following Cavalry Hooded and Robd Horsemen Came 278 Klansmen Notifying the World That They Stood for Law and Order—They Came From Bryan, Navasota, Brenham, Somerville and Other Towns.

(Special to the Bryan Eagle.)
Caldwell, Texas, October 8.—Over 300 robed Klansmen marched in a solemn, silent parade here last night through the principal streets, led by a United States flag, the fiery cross and thirty horsemen. Then came 278 robed figures on foot and it took one hour for the parade to finish the demonstration. It was stated they came from Navasota, Bryan, Somerville, Brenham and other places. Some of the banners carried by the Klansmen. "The K. K. K. is 100 per cent American," "We are for Law and Order and Backing the Officers," "Those who Misrepresent the Klan are no Doubt Ignorant," "The Night Jitney Drivers and Negro Porters Fighting For Control of the Immoral White Women and Must Go," "There is Work for Everybody, Get a Job and Stay With It," "Every Newspaper and Politician That are Crooked is Against Us," "No Good Negroes or White Men Need Fear, We Know What is Going on in Burleson County," "Bootleggers, Gamblers and Immoral Men Backed by the Ignorant Are Fighting the K. K. K.," "Get Your Patriotism On Straight and You Will Not Fight the K. K. K.," "The Time Has Come For All Loafers To Get To Work or Leave Town."

The parade was orderly and not a single disturbance was reported anywhere. Every paeder was silent, and not a word was spoken. They came following the horsemen, the U. S. flag and the fiery cross from the darkness and disappeared as they came without a word of explanation.

WILL INVESTIGATE ALL SECRET ORDERS.
Washington, October 8.—Investigation of "each and every secret organization in the United States" was called for in a resolution introduced today by Representative Upshaw (Dem.) of Georgia. Proposed as a supplement to efforts to investigate the Ku Klux Klan, Mr. Upshaw declared in a statement that he felt a sort of wounded pride in hearing many criticisms hurled at the Klan which was organized in his district and whose imperial wizard "is one of the knightliest, most patriotic men I have ever known." Declaring the public would commend the fairness of his resolution to investigate concurrently with the Ku Klux Klan all other organizations holding meetings behind closed doors, Mr. Upshaw added: "If imperial wizard and grand goblin are titles to make the plain people shudder (and they are), then these same plain people have a right to know the meaning of such startling titles as 'imperial potentate,' 'most pussiant illustrious grand master,' 'grand exalted ruler,' 'mighty chief of the wampum,' and a full thousand other weird titles of secret order officials who seem about to fascinate the majority of American freemen into joining mystic conclaves of inscrutable words and deeds."

Congressman Upshaw declares that there are several secret organizations that have oaths more binding than have the K. K. K. (which he says is a patriotic organization and for the United States government and constitution) and that all must come under the light of investigation. "That would be fair," he said and his is a good time to turn on the lights as to all secret organizations in this country. The country will then learn a few things and there will not be so much ignorance abroad and so many needless statements made."

REV. KIRWIN PLAYED BY AMERICAN LEGION.

(By Associated Press.)
Houston, Texas, October 8.—The American Legion Post last night adopted resolutions stating "We do hereby individually and jointly condemn Rev. J. M. Kirwin of La Porte, Texas, for the insult rendered the flag of our country personally and in the funeral ceremony of one of our comrades and condemn Rev. Kirwin for using the dead body of one of our comrades as instrument in laying an organization to which he is opposed." The resolution represent the sequel of a funeral service some weeks ago of Lieutenant Edmund L. Riesner at which Rev. Kirwin stated that or the first time in his life he passed an American flag at half mast without doffing his hat. He said he could not pay a tribute to the organization which erected the flag which he said was the Ku Klux Klan.

REV. TATUM BACK HOME.
Rev. J. J. Tatum returned this morning from Kirbyville, where he had been to attend an association meeting of the Free Baptist church. Rev. Tatum reports a splendid attendance and much enthusiasm in the work of the church.

Presbyterian Church Has Splendid banquet

One of the most enjoyable events in the history of the Presbyterian church was held Friday evening, when a large body of men gathered together at a banquet held in the ladies' parlor of the church. This is an annual affair in the church line, when opportunity is given the men to meet and talk over the affairs of the church and pledge renewed efforts in its interests. Also extend cordial welcome to all new members. The banquet is planned and served by the women of the church. For the occasion the parlors were adorned with a floral touch of Queen's wreath and roses. A riot of these same blossoms round favor for the table decorations and with the added beauty of pink burning tapers in crystal candle stick, snowy linen and silver presented a pleasing sight. A menu of the highest culinary art, lettuce salad and thousand island dressing, chicken, dressing, jelly, peas, potatoes, not-rolls, apple pie a la mode, cheese balls and hot coffee was served most temptingly.

The pastor, Rev. W. N. Sholl, presided as toast master and introduced the following speakers, all of whom gave interesting and helpful talks: Major L. L. McInnis, Robert Armstrong, L. G. Jones, Law Henderson, Rev. W. H. Matthews, W. M. Love, F. D. Fuller. Rev. W. H. Matthews rendered a most pleasing voice selection and the delightful evening was closed with singing, "Blest Be The Ties That Bind." Places were marked for: Hal Saunders, F. L. Henderson, Elton Stewart, L. L. Stephens, Fred L. Cavitt, C. G. Wetter, W. I. McCulloch, W. P. Moore, H. C. Seale, Jno. F. Carmichael, W. M. Love, Curtis Sidney, F. T. Cole, J. H. Todd, M. F. CHRISTIAN ENDEAVOR DISTRICT MEETING

Much interest is being centered in the prospective convention of Christian Endeavor Society of the Houston district, which is scheduled to be held at the First Presbyterian church in Bryan, October 28, 29 and 30. An interesting program has been prepared, consisting of addresses from a number of local people, while Mr. Jack Hupperts of Dallas, state field secretary, O. L. Wilkins of Houston, district president, and other prominent members of the Christian Endeavor Society, will participate. The soul-inspiring song services will be a feature under the efficient leadership of Rev. W. H. Matthews of College Station. Neither will the social side of the convention be neglected, since plans are on foot for a big Halloween party on Friday night, a trip to the A. & M. College Saturday and an Intermediate play Saturday night.

At least fifty delegates are scheduled to come through from Houston delegation is expected from each of in automobiles, while a representative of the societies in this district located at Alvin, Arcadia, Barker, Bellaire, Bryan, Edge, Galveston, Huntsville, Kurten, Oakhurst, Rosenberg, Shepherd, Sugarland and Navasota. These delegates will be entertained in the private homes in Bryan, and it should be borne in mind that the coming of from 100 to 200 representative young Christian workers into our midst should mean much to our city, not only to those engaged in the actual entertaining, but to everyone concerned for, the impression which they form and carry home concerning our hospitality will be far-reaching in its effect. Evidently we made a good impression last year for all concerned seemed anxious to return this year.

The entertainment committee report that they are receiving much encouragement from the citizens of Bryan, and feel hopeful that this will be the most interesting meeting ever held in the Houston district; but, in order to accomplish this the complete co-operation of the entire citizenship will be required in making the visit of these delegates pleasant and profitable. Those desiring to co-operate in any manner or wishing further information should communicate with some chairman of the various committees consisting of the following: T. A. Cloud, convention chairman; Mrs. Leila Evans, registration chairman; Miss Leila Ewin, publicity chairman; Miss Esther Cavitt, social chairman; Miss Margaret Zuber, music chairman, and Miss Daisy Brogdon, entertainment chairman.

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason

A few days ago County Commissioner George P. Edge was heard to invite some friends to go with him on a visit to a farm in a near-by county where purebred cattle are raised. Good suggestion, Mr. Edge. Seeing what our neighbors are doing will help us appreciate their problems and at the same time give, perhaps, us a key to the solution of our own problems.

A local merchant was heard to say that his meat and lard were shipped out of Fort Worth, his vegetables and butter out of Houston, and until a short time ago he was even having to order sweet potatoes out of Houston. Hogs are being shipped into Brazos county, vegetables will continue to come from South Texas, while in a few days sweet potatoes can be sold in Bryan on account of the glut. A sweet potato curing plant would have prevented this embarrassment, both to the business interests and the farmer as well, and at the same time afforded a splendid market where the farmers from the adjacent counties could have marketed their sweet potatoes with pleasure and profit.

Last week the farmers of Panola county purchased the curing plant at Carthage and will store their potatoes in order to market them orderly. It is claimed that the markets of the north can use 2000 to 3000 car loads of Texas potatoes, this, in the face of a probable supply of approximately 800 cars.

County Agent Beason and the following club members left Monday for the State Fair and Educational Encampment: Joe Lloyd, Reliance; Julian Cobb, Tabor; Russell Etheridge, Harvey and Guy Tobias, Steep Hollow.

One community in the Bryan trade territory is gaining only one variety of cotton this year, thus keeping the seed from mixing with other varieties. If that variety of cotton is adapted to your locality, why pay high freight rates on seed from elsewhere? If other communities would follow the example set by this particular community and plant one variety of cotton, and that best adapted to the section, we would have gone a long way toward solving an economic problem. Cotton should be one of our leading crops. It is well adapted to this section, but with the uncertainty of seasons and average yield we are getting, it is worse than a gamble to risk cotton alone. More cotton of a dependable variety per acre, and more acres to feed and other crops will bring prosperity to farmer and business man alike.

First Number A. & M. Lyceum October 17th.

College Station, Texas, Oct. 10.—The first of the entertainments to be given at A. & M. College this year by the Dixie Lyceum Bureau will be offered to the College community and Bryan people in Guion Hall October 17, according to announcement made yesterday by L. G. Her voice is musical, magnetic and dramatic in power and an evening of intense enjoyment is promised all who hear her.

The course as announced in advance will consist of eight numbers including the recital by Miss Randle. The others and the dates on which they will be here are: Miss Randle, Oct. 17; Vivian Players, Nov. 29; Adam Bode, December 7; Fine Arts Co., Dec. 19; Lieceurce Symphonie Orchestra, Jan. 12; Windsor Girls Jan. 25; Davis, magician, March 16; and Freeman-Hammond Co., April 5.

Ex Students of A. & M. Elect New Officers

(Special to the Eagle.)
Addresses by President W. B. Bizzell, Lee J. Rountree, editor of The Bryan Daily Eagle and representative from Brazos county, and Major L. L. McInnis of Bryan were delivered at officers for the ensuing year were elected at the regular monthly meeting of the A. & M. College Club of Brazos county held in the Mess Hall Annex last night.

W. L. Stangel was re-elected president, E. E. McAdams, re-elected 1st vice president, C. C. Braden elected 2nd vice president, W. B. Cook, re-elected 3rd vice president, W. Wiprecht, elected secretary and treasurer and A. L. Ward, E. J. Kyle and J. C. Vick were elected members of the board of directors.

President Bizzell taking advantage of his first opportunity to speak to the ex-students told of the great difficulty that confronted him in securing appropriations for the College the past summer and laid before the organization what he said was its greatest work to aid the institution that they represented, and that was to use their best endeavors in sending to the legislature men who understood the possibilities of higher education and comprehended the needs of the state institutions es-

One farmer in speaking to County Agent Beason a few days ago concerning the proposed crop rotation project stated that some of his neighbors said that if a farmer taking up the crop rotation project were asked to work it according to methods at college he could work but small acreage, and if he worked it as prescribed he would make nothing. None so blind as those who will not see. Greater production at less cost has always been the preaching of the college authorities. For any one to make a statement similar to the above betrays his ignorance of the work of the Experiment Station right here at his door. Often times a Brazos county farmer may chance to pass through the Experiment farm and see near corn or poor cotton on plots planted to the same crop year after year for the purpose of showing that such a system is wrong, and not for the purpose of making the best crop possible. The records show that through a proper crop rotation the poor land at the College has been brought up from less than thirty bushels per acre. Dr. Youngblood, Director Feeding and Breeding Station, stated that this increased yield had been accomplished by rotation of crops. If some one has a more effective plan to build up our depleted soils, let's have it. The College is for the greatest prosperity to the farmers of Texas. The work of the Experiment Station seeks to ascertain the better way, the better kind. In doing so, the poorer crops and inferior varieties will naturally be shown. Do not be misled. It is just as easy to choose the true instead of the false.

Upon return from State fair, County Agent Beason will hold meetings in several communities of the county to put before the farmers the proposition of selecting some progressive farmer who will agree to take up a crop rotation plan outlined by specialists of the college, fertilizer necessary for certain crops in rotation being furnished free to encourage a better agriculture for Brazos county. It is planned to have this work done as a community project in order that the greatest benefit may result to all of the farmers.

Quite a lot of land is being turned this fall. This bespeaks better farming for Brazos county farmers. Better soil means bigger crops. More crops and more per acre will at least demonstrate that we are not putting all our "eggs" in one basket.

A few days ago a Brazos county farmer was digging 120 bushels of potatoes per acre when adjacent Brazos bottom land, usually rated at \$160 per acre, was not making over 300 pounds of seed cotton per acre.

GIDDINGS AND COLE WERE ELECTED IN 1871.

The Galveston News of October 11, 1871, "Fifty Years Ago," in speaking of the election which gave a victory to Richard Coke over Edmund J. Davis says: "From our various exchanges we glean the following additional returns: Giddings' majorities—Brazos 183, Limestone 1,153, Montgomery 52, Bosque 382, Hill 194, Navarro 19, Freestone 477; total 2,460. Clark's majority—Falls 2, Giddings' majorities before reported 4,067, additional as above 2,460; total 6,527; less total Clark majorities 2,464, net Giddings majority 4,060." Col. D. C. Giddings of Brenham was elected to congress from this district.

PARENT-TEACHERS WILL MEET COLLEGE THURSDAY

The Parent-Teachers Association of the A. & M. consolidated schools will meet Thursday, October 13th, 4 o'clock, at the school building. All patrons are urged to be present.

A. K. Short of the Extension Service department of A. & M. college left today for Dallas, where he will judge the Boys' Corn Club products at the State Fair. He was accompanied by his daughter, Miss Violet, who goes to see the fair and visit her sister, Miss Margaret, who is attending the Dallas Kindergarten Teachers Training school.

Mr. Rountree urged the association members to join with alumni and ex-students of other state institutions of higher education in preparing public opinion for accepting a constitutional amendment, setting aside a definite tax for support of such institutions. He said that the people did not realize the opposition that there was in Texas to higher education or they would drive certain politicians from power.

Major McInnis as an introductory remark said that he had never been a seeker after public office, and then added that he had recently contracted a desire to accept the responsibility of public service in the capacity of a delegate to a constitutional convention, which he hoped would soon be held, in order that he might help to write in a provision setting aside a specific tax for the support of the state's educational institutions.

W. B. Cook, secretary of the state association of ex-students, in a short talk asked for material support of the ex-students.

It was decided at this meeting to extend an invitation to Will C. Hogg of Houston to address the club at its next regular monthly meeting, the try Club building.

Tabor Community Fair Was A Great Success

The Third Annual Fair held under the auspices of the Tabor Welfare Club of Brazos County at Tabor, Texas, September 30, 1921, demonstrated thoroughly the ambitions and public spirited people of that community. The up-to-date, well equipped high school building has been enlarged and greatly improved since last year and would compare favorably with some schools in our Texas towns. The building is lighted with Delco lights and meets the State requirements in regard to heat and sanitary drinking water. The auditorium of the building was tastefully decorated with evergreens and bunting to lend a gala effect and in this hall was displayed all the exhibits of the Woman's Department. On the right of the main entrance was the "Bazaar" presided over by Mrs. Armstrong, the display consisted of jellies, preserves, pickles, cakes, pies, butter, eggs, pecans and ribbon cane syrup, all donated by the people within the school district and sold for the benefit of the Delco lighting system which was installed in the building by the Tabor Welfare Club. The next booth, decorated in green and red was in charge of Mrs. Francis and exhibited the canned fruits, vegetables, pickles, preserves and jelly and were arranged in a most artistic manner. The "booth of sweets" biscuits and home made bread had a wonderful display of loaf cakes, Angel food and layer cakes, also pies of every description and home made candy, Mrs. J. L. Cobb having charge of this booth. After the prizes were awarded in this booth many of the cakes were soon sold as well as the candy.

The largest booth in the hall was the Needle Work, Miss Mary Benbow having this under her supervision. The walls on either side were hung with handsome bed spreads and quilts. Long tables were filled with center pieces, scarves, infants dresses, caps, white on racks were hung, gingham dresses, cook aprons and fungalo aprons of every description. On the left of the main entrance the Red Cross booth, representing a "Health Center" was in charge of Mrs. J. T. Hanway, representing the health department of the Brazos County Red Cross, assisted by Miss Berry from the State University, Austin. The booth was decorated with Red Cross posters showing the various activities of the Red Cross, but the health feature predominated. Scales were provided by the courtesy of the Parent-Teachers' Association of Bryan and during the day Miss Berry weighed and measured about one hundred and seventy five children. Prizes were awarded by the Red Cross in the afternoon. A large box of stationery to Ray Huggins, a knife to Lloyd Locke and a pair of pink silk socks to little Walter Holden, the latter and Chas. Bobo or Harvey drawing for this prize as both were normal babies. Next to the Red Cross was an educational booth arranged by Mrs. G. M. Ammons. Drawings and paper flowers showed some of the work of the primary grades. The silver cup won by the basketball team demonstrated the prominent place this school holds in county athletics. Maps and interesting charts showing the progress of Tabor school in educational matters helped to make this an interesting booth. The list of premiums is as follows:

ROCHESTER WOMAN TELLS EXPERIENCE

"I suffered for ten years from nervous indigestion. I had no appetite and always felt miserable. I was in such a serious condition I thought my time for this world was getting short. My food didn't seem to nourish me at all and I only weighed 85 pounds.

"After taking Tanlac, I now weigh 108 and am gaining every day. Oat there is such a wonderful change now. Tanlac relieved my troubles so quickly it surprised me. My appetite is splendid. I have plenty of strength and feel better than I have in years. I wouldn't take one thousand dollars for what Tanlac did for me."

The above statement was made by Mrs. Clara Lehman, Bristol Hotel, Rochester, N. Y. Tanlac is sold in Bryan by N. A. Stewart and all leading druggists.
